

Minutes
Air Pollution Control Board
Indiana Government Center South
Conference Room A
402 West Washington Street
Indianapolis, Indiana

November 3, 1999
1:00 p.m.

1. Mr. John Walker, Chairman, called the meeting to order at 1:05 p.m. He noted that a quorum was present.

CALL TO ORDER
QUORUM

2. Chairman Walker introduced the board members.

INTRODUCTION OF
MEMBERS

Present: John Walker, Chairman
Thomas Anderson
Jeff Bowe
Howard Cundiff, Proxy, State Board of Health
George Ewing
Chris Horn
Randy Staley
Melanie Darke, Proxy, Lieutenant Governor
Tom Rarick, Technical Secretary

Absent: John Bacone, Proxy, Department of Natural Resources
Dr. James Miner
Rachel McGeever, Legal Counsel

Staff members present were Tim Method, Deputy Commissioner; Janet McCabe, Assistant Commissioner; and Kathy Watson, Air Programs Branch Chief. Other attendees are recorded on a separate sheet. A court reporter was present and a transcript is available for review.

3. Ms. McCabe updated the board on developments with the 8-hour ozone standard. The Washington D.C. Circuit Court of Appeals issued a decision denying EPA's request for a rehearing on their original decision to remand the 8-hour ozone standard back to EPA. This decision also included the Fine Particle Standard. EPA now intends to take the appeal to the Supreme Court. The earliest possible decision on the 8-hour ozone standard would be next summer.

REPORTS

EPA issued another proposed decision to reinstate the 1-hour ozone standard. Public comment on that proposal is due December 1, 1999. The department can see no immediate impact on any counties in Indiana in terms of change in status. EPA does not intend to redesignate any current attainment counties to nonattainment. The 1-hour attainment demonstration for Clark and Floyd counties is due to EPA on November 15, 1999. The state of Kentucky and the Jefferson County

Air Pollution Control District, which includes Louisville, are working with the department on this demonstration. A 1-hour attainment demonstration for Lake and Porter counties is due by December 2000.

Ms. McCabe discussed the revised draft of the nitrogen oxide control rule. The department feels it will be necessary to control nitrogen oxide emissions in order to meet the 1-hour standard in the two nonattainment areas.

Ms. McCabe noted that a public meeting for the draft styrene rule is scheduled for November 10, 1999, in Elkhart, Indiana.

Ms. McCabe summarized the 1999 Indiana ozone season and monitoring data.

Mr. Mark Amick presented and demonstrated the ToxWatch Web site for the urban air toxics monitoring program.

4. Chairman Walker introduced Exhibit 1, the draft rule 326 IAC 20-22, emission standards for hazardous air pollutants for polyurethane foam production, into the record of the hearing.

Ms. McCabe commented on the rule. The department recommends adopting as final the rule that was preliminary adopted. This is an incorporation by reference of a federal hazardous air pollutant rule that applies to the flexible polyurethane foam industry.

Mr. Bowe moved to final adopt new rule 326 IAC 20-22. Mr. Cundiff seconded. The motion passed unanimously, 8-0.

**CONSIDERATION OF
FINAL ADOPTION OF
NEW RULE 326 IAC
20-22, Emission
Standards for
Hazardous Air
Pollutants for Flexible
Polyurethane Foam
Production**

5. Chairman Walker entered into the record Exhibit 2, the draft rule 326 IAC 6-1-12, particulate emission limitations for Rolls-Royce Allison in Marion County.

Ms. McCabe commented on the rule. This rulemaking provides Rolls-Royce Allison flexibility to use landfill gas generated from the city landfill as a fuel in its operations. This will replace the natural gas they are currently burning and provide a use for the waste gas generated by the landfill.

Mr. Ewing moved to final adopt amendments to rule 326 IAC 6-1-12. Mr. Staley seconded. The motion passed unanimously, 8-0.

**CONSIDERATION OF
FINAL ADOPTION OF
AMENDMENTS TO
RULE 326 IAC 6-1-12,
Particulate Emission
Limitations for Rolls-
Royce Allison in Marion
County**

6. Chairman Walker entered into the record Exhibit 3, the draft rule 326 IAC 18-1-6, asbestos license renewals.

Ms. McCabe commented on the rule. This rulemaking is to apply certain requirements to renewals of licenses as well as to initial license applications.

**CONSIDERATION OF
FINAL ADOPTION OF
AMENDMENTS TO
RULE 326 IAC 18-1-6,
Asbestos License
Renewals**

Mr. Cundiff moved to final adopt amendments to rule 326 IAC 18-1-6. Mr. Anderson seconded. The motion passed unanimously, 8-0.

7. The next meeting is tentatively scheduled for Wednesday, February 2, 2000, at 1:00 p.m., in the Indiana Government Center South, Conference Room B, Indianapolis, Indiana.

NEXT MEETING

8. Chairman Walker adjourned the meeting at 2:00 p.m.

ADJOURNMENT

John Walker, Chairman

Thomas Rarick, Technical Secretary
